Amalgamated Copper Was a Weak Exception in the Opening Advance.

NEW YORK, April 17 .- At the opening of the stock market stocks advanced on good buying.

There was a gain of 4 per cent in Atlantic Coast Line. The maximum gain in Tennessee Coal and Iron was 14. St. Paul gained 14; Reading, 1 per cent; American Car Foundry, 16; United States Steel preferred, %; North American rose 14; Union Pacific held a gain of 3/4. Lecomotive was up %. Amalgamated Copper was the weak exception, opening

Arbitrage brokers were buying on a large scale of Union Pacific, Southern Pacific, Northern Securities, and United States Steel preferred, but sold some Steel common. St. Paul was bought and bid up. Berlin was again a heavy buyer of North American. The most interesting feature of the market is a huge borrowing demand for Union Pa-After the first hour the trading assumed a negative tone, and selling orders continued to come steadily in Union Pacific as they have done every day for over 3 month

American Smelting, after crossing 120, accordance with merger agreement the pool manipulators. Government the pool manipulators. Government bonds unchanged.
London houses bought on balance today about 40,000 shares. In many cases the opening prices seemed to have been made with motive of establishing high quotations rather than getting the stock. Traders were taking profits about noon in sufficient amounts to cut down prices by fractions here and there.

NEW YORK.

With several prospective news features of magnitude looming large against the financial horizon, the outlook promises a week of full-voluned activity in the stock market. The Northern Securities question, which has beer prolific of rumors throughout the week, and has practically shaped the course of the trading, will be definitely set at rest today by the issuance of the final mandate from the United States Supreme Court. The remarkable heavy transactions in Northern Securities and Union Pacific, have been occasioned by the public realization of the fact that the very instant the Supreme Court releases Mr. Hill's hands, the apportionment of the securities of the component roads will be begun. In fact, it is an open secret in the Street that the deposit of securities preliminary to approved surety bond, in the sum of 10 transactions in Northern Securities and Union Pacific, have been occasioned by the public realization of the fact that the very instant the Supreme Court releases Mr. Hill's hands, the apportionment of the securities of the component roads will be begun. In fact, it is an open secret in the Street that the deposit of securities preliminary to the distribution has been under way for a fortnight or more, and the nitimate disposition of Great Northern's valuable from denosits has formed the subject of much speculative comment.
